As a senior graphic designer, I am dedicated to propelling your business to the forefront of innovation. Whether it's crafting stunning visuals, designing intuitive websites, overseeing impeccable printing projects or shaping a memorable corporate identity, my expertise spans a wide array of creative realms.

With a blend of creativity, innovation and passion, I am eager to bring your next graphic design project to life, ensuring it not only meets but exceeds your expectations.

Experience

The Keyes Company 03/2006 – 06/2024
Art Director

Successfully completed print projects including magazine ads, flyers, posters, special advertisements, direct mail, event materials and social media collateral.

Implemented WordPress websites from concept to final output, incorporating functionality and graphical elements to establish a clear message for events, design initiatives and communication with customers and associates.

Led the management and maintenance of a designed workflow, ensuring seamless progress from initiation to archival.

Collaborated with executives and professionals on corporate marketing programs to enhance and illustrate company branding.

Designed, assembled and coordinated with vendors and clients on final print and digital outputs.

Warner Bros. Publications / Alfred Publishing Co., Inc. 02/2001 – 03/2006
Graphic Designer/Web Designer

Designed print projects including book covers, special packaging, posters, interior page layouts, magazine ads, posters and CD/DVD labels.

Collaborated with editors, musicians, designers and other professionals on sheet music books of artists such as Madonna, Celine Dion, Peter Cincotti, and Reba, as well as for Warner Bros. box office movies like Harry Potter and Star Wars.

Conceptualized and drafted storyboards for the creation of DVD motion and still menus of artist such as BB King, Walter Beasley and Joe Pass.

Miami Dade Community College 07/2000 – 02/2001
Lab Assistant

Provided assistance to students with their projects.
Assisted on maintenance on a Mac platform computer lab.
